

STEEL WORKER STRIKE SEEMS MORE IMMINENT

DIXON DOCTOR
TO PLEAD DOWN
CASE IN COURTW. L. Black, M. D., In-
stitutes Suit; Seek-
ing \$374 Verdict

W. L. Black, M. D. of this city has filed a petition in the Lee county Circuit court to prosecute as a poor person, a suit against Dr. W. F. Aydelotte of this city, president of the Lee Co. Taxpayers Assn. In his petition, Dr. Black seeks to appear in his own behalf.

The petition sets forth that the plaintiff rendered and performed work and labor for the defendant at his special instance and request and was in his continuous employment from Wednesday, Jan. 6, 1932 until Monday, April 13, 1934; that in the year 1932, he was employed about 51 weeks from the sixth day of January till the end of that year, and that for such service the defendant promised to pay him five dollars per week with room and board in the defendant's home at 223 Crawford avenue, amounting to the sum of \$255, that the sum of \$108 was paid to the plaintiff by the defendant during the year 1932, which amounts and the total of them were checked by the defendant and plaintiff at the end of the following year, and that both the amounts and the same totals of the defendant's book and the plaintiff's memorandum were found to agree in every particular, and that the unpaid balance for the year 1932 was \$147.

"Got \$42 in 1933"
Dr. Black contends in his bill that he rendered and performed for the defendant on his continued special instance and request, work and labor, and which sum with its various items component thereof, was examined by both the plaintiff and the defendant at the end of the year, 1933, that the defendant's book and the plaintiff's memorandum were found to accord perfectly, that the unpaid balance due the plaintiff for his service was \$218, which sum added to the unpaid amount at the end of the year 1932 made an unpaid balance due the plaintiff on Dec. 31, 1933 of \$365.

Claims Total of \$374
The petition further avers that Dr. Black rendered and performed for Dr. Aydelotte on his continued special instance and request, work and labor, and was in his continuous employment from Jan. 1, 1934 until April 30, 1934, a period of 17 weeks and that for this service the defendant had promised to pay the plaintiff five dollars per week with room and board, amounting to the sum of \$85, that the defendant has paid the plaintiff in cash, the sum of \$20 in the present year, that the defendant has paid to Xavier F. Gehant, for the plaintiff the sum of \$16; that the defendant has supplied to the plaintiff for room and board for three weeks, from the date when the defendant announced that X. F. Gehant had declared the school proposition and building all off, until the date when the plaintiff accompanied the Chief of Police removed his belongings from the defendant's home, at \$5 per week or the sum of \$15; that the plaintiff asked the defendant to credit himself with \$25, in very liberal payment for several spinal adjustments made for the plaintiff by the defendant, that the sum of these payments and credits by the defendant in 1934 was \$76, leaving an unpaid balance for work and labor done in 1934 of nine dollars, which sum added to the carried balance at the end of 1933 makes an unpaid balance due the plaintiff of \$374.

His Own Attorney
Dr. Black in his petition demands judgment for the amount of \$374 and prays the court for a speedy trial of the cause in which he will appear in his own behalf, a very

DEATH OF TOM H.
McWETHY TODAYTetanus Infection Is Fatal

Road May 21

Tom H. McWethy, who resided west of Dixon on Long avenue in Swissville, passed away at the Katherine Shaw Bethel hospital this morning about 12:45, death resulting from tetanus infection, following injuries sustained in an automobile accident on May 21. Coroner Frank M. Baker of Franklin Grove was conducting an inquest this afternoon at the Preston mortuary.

Mr. McWethy, who has charge of the state experimental farm in Palmyra township on the Lincoln Highway, was seriously injured in an automobile accident on the morning of May 21 on the Lincoln Highway about a half mile west of the city limits when an automobile driven by a woman struck the rear of a wagon, loaded with fertilizer, which he was driving. The team broke and ran, pulling the driver from the wagon, a distance of several feet. He sustained compound fractures of the leg and other injuries which necessitated his immediate removal to the hospital where he has since been confined. During the past few days his condition had become quite serious and death ended his suffering at the early hour this morning.

Mr. McWethy was very well known in Dixon and surrounding vicinity. For the past 12 years he had been superintendent of the Sunday school of the Church of the Brethren. He is survived by his widow, one son, Smith and three daughters, Mrs. George Gates who resides at the Kingdom, east of the city and Misses Ethel and Harriet at home.

Funeral services will be held from the Church of the Brethren Monday afternoon at 2 o'clock, the pastor, Rev. W. E. Thompson officiating and with interment in Oakwood.

Hero of "Forgotten" American Army
in Siberia in World War, Severely
Injured in Fall off Train at Nelson

Raymond Blandon, aged 43, World War veteran, sustained a serious fracture of the right leg near the hip last night about 10 o'clock when he missed his footing and slipped from an east-bound North-Western freight train in the yards at Nelson. John Babin, a car inspector, found him lying along the east-bound main line track near the main crossing at Nelson and Sheriff Fred Richardson was notified. He ordered an ambulance to Nelson and had the injured veteran moved to the Katherine Shaw Bethel hospital.

Blandon was a member of the "Forgotten Army" which was sent to Siberia during the early part of the World War and remained until 1922. His left leg was amputated as the result of the intense cold and freezing which he experienced and his hands and arms had been badly frozen. Blandon stated that he was a member of Aragonne post, No. 4 of Enid, Okla., but that he had no permanent home at the present time. He gave the name of a cousin, Mrs. August Mack of Detroit, Mich., as his nearest relative.

Paul A. Stephenitch,
73, Struck by Car;
Fatally Hurt

Paul A. Stephenitch, aged 73, life long resident of Lee county, and for many years prominent hardware and implement dealer of Sublette, was fatally injured last night about 10 o'clock while on his way home, just before the storm broke, when crossing a street east of state highway, route 2, on his way home, he was struck by a car driven by William Musser, aged 23, also of Sublette, who was entering Sublette from the east.

Visions of both the driver and the pedestrian were said to have been blinded by a heavy dust storm which preceded the rain. The right front fender of the Musser car struck the aged retired merchant, throwing him to the gravel road. He sustained a fracture of the right leg and a skull fracture. The driver of the car stated this morning that he did not see the aged man and was not aware of the crash until he felt the impact.

No Witnesses
Stopping his car, Musser pulled the unconscious body from the road and went for assistance. Mr. Stephenitch was removed to the Angear hospital, where he expired shortly before 1 o'clock this morning without regaining consciousness. The body was removed to the Ambey where Coroner Frank M. Baker of Franklin Grove conducted an inquest at 10 o'clock this morning. There were no eye witnesses to the accident as Musser was alone at the time and the victim was unaccompanied as he was hurrying to his home before the storm broke.

Paul A. Stephenitch was born in Sublette, November 28, 1861, and had spent practically his entire life time in the village. For 33 years he was engaged in the hardware and implement business, but retired a few years ago. He leaves to survive his tragic passing, his widow, one son Leroy of Sublette, and a step brother, J. W. Bettendorf of Davenport, Iowa. He was well known throughout the county and a host of friends will mourn his sudden passing.

Funeral services will be conducted from St. Mary's Catholic church at Sublette Monday morning at 9 o'clock with interment in St. Mary's cemetery.

525 MILLIONS
DROUTH FUND
ASKED TODAYPresident Sends His
Request for Money
to Congress

Washington, June 9—(AP)—President Roosevelt asked Congress today for \$525,000,000 to finance the drought relief program the administration already has undertaken.

"Large scale assistance by the Federal government is necessary to protect people in the stricken regions from suffering, to move feed to livestock, and livestock to feed, and to acquire and process surplus cattle to provide meat for relief distribution," he said in a message to Congress.

Absolute freedom for the administration to spend the money as it saw fit was asked.

"We are dealing with a rapidly changing problem and it is important that the authorization should be flexible so that funds can be allotted to the several Federal agencies as required," the President said.

His message follows:

Text of Message

To the Congress of the United States:

Unforeseen drought has visited disaster upon a large part of our country. Prompt and vigorous action to meet the emergency has been taken by the Federal government through its various agencies. But the situation has become more grave as rainfall shortage has continued. Future rainfall cannot be predicted. The damage to crops and livestock, especially serious problem has developed because, while there is no prospect of shortage of human food, a shortage of animal feed threatens over a wide area. This is causing losses to farmers and regions dependent upon the livestock industries. Large scale assistance by the Federal government is necessary to protect people in the stricken regions from suffering, to move feed to livestock, and livestock to feed, and to acquire and process surplus cattle to provide meat for relief distribution.

Organizations already exist in the Department of Agriculture, the Federal Emergency Relief administration and the Farm Credit Administration to carry on the emergency program.

To finance operations of the magnitude planned, further funds are needed. After a conference with members of Congress from the affected regions, a program along seven lines has been devised to meet the situation. These proposals and the funds required as estimated at this time are:

1. \$125,000,000 for special work program and human relief.
2. \$75,000,000 for livestock purchase in addition to the funds already available under the Jones-Conally act.
3. \$100,000,000 for shipping, processing and relief distribution of purchased cattle.
4. \$100,000,000 for loans to farmers to finance emergency feed purchases and shipments.
5. \$50,000,000 for emergency acquisition of submarginal farms and assistance in re-locating destitute farm families.
6. \$50,000,000 for work camps to afford employment in the drought area for young men principally from cities and towns.
7. \$25,000,000 for purchase of seed for 1935 plantings, and for loans to get seeds into farmers' hands.

These wholly tentative estimates have been upon the basis of present and probable conditions. I believe the present emergency can be effectively met by the appropriation of \$525,000,000. Only such portion, of course, will be used as becomes absolutely necessary. We are dealing with a rapidly changing problem, and it is important that the authorization should be flexible so that funds can be allotted to the several Federal agencies as required.

To the picture of widespread desolation, government experts added a forecast of the smallest wheat crop since 1893. Nineteen states suffered the worst spring blight in history. Any skepticism about the seriousness of the drought yielded to a crop report showing June 1 conditions. It disclosed:

Total wheat production estimated at not more than 500,000,000 bushels, lowest since 1893. Winter wheat reduced 61,000,000 bushels during May.

Spring wheat estimated liberally at 100,000,000 bushels with conditions 41.3 per cent of normal. Oats set at 700,000,000 bushels, lowest since 1893. Barley and rye damaged about equally.

Acute Hay Shortage
An "acute shortage" of hay in prospect with production set at 50,000,000 tons compared to the normal 84,000,000. Early crops in the worst drought.

PROBE LYNCHING
OF TWO NEGROES
IN MISSISSIPPIVictims Had Confessed
Attempted Assault
on White Woman

Lambert, Miss., June 9—(AP)—The Delta country buzzed today over the swift lynching last night of two young negroes for attempting to assault a white woman.

An armed mob of about 125 white men snatched the negroes, Joe Love and Isaac Thomas, from a sheriff and two deputies. They hanged them from a small highway bridge near here.

District Attorney Greek Rice arrived today from Clarksdale with county deputies seeking out the mob's leaders. He sought information also concerning the manner in which the negroes, each about 25 years old, were taken from Sheriff W. T. Haynes of Quitman county and his two aides.

No One Will Talk

For several hours after the lynching the counties of Quitman, Bolivar and Leflore where the mob arose and maneuvered were cloaked in silence. No one would discuss the dual lynching.

Late in the night the bodies of Love and Thomas were found by officers hanging from the bridge, their feet dangling above a ravine. Their necks were broken, but their bodies were not mutilated.

Officers cut the bodies down and laid them upon the bridge where they remained temporarily pending further investigation of the crime.

Confessed Attempt

Sheriff Haynes said Love was from Columbus, Miss., and Thomas was from Carrollton. They had been employed on a Quitman county plantation. The negroes were arrested near Greenwood, Miss., and on being taken to that city they confessed, officers said, to the attempted assault on the wife of a plantation manager at Sledge, Miss.

Accompanied by Deputy Sheriff Spidle of Quitman county and Deputy Sheriff J. E. Summerville of Tallahatchie county, Sheriff Haynes was stopped by the mob of armed men in 15 or 20 automobiles, he said today.

The mob blocked a bridge between Hushpuckena, Miss., and Lambert, he said, overpowered him and his accompanying deputies and seized the negroes, whisking them away "to the north."

GUNMAN'S BODY
JOLTS HOME IN
A BAGGAGE CARWhile Officers Hunt Tour-
ists Camps at Water-
loo, Iowa

Waterloo, Ia., June 9—(AP)—Tommy Carroll's body jolted home-ward in a baggage car today while federal officers hunted tourist camp and highways for other members of John Dillinger's gang.

Carroll's body, drilled by five police bullets, was on the way to St. Paul. There his widow, Mrs. Viola Carroll, planned funeral services, tearfully avowing "Tommy was a good boy."

Left behind in the Waterloo jail was the girl arrested, when the gangster was shot by detectives Thursday. Asserting when detained that she was Carroll's wife, she later was identified as Jean Delaney Crompton. Yesterday she said her true name was Jean Ann Sothorn.

To Reformatory
Whatever her name, she is going to a federal reformatory for a year and a day. She received that sentence in federal court at Madison, Wis., on a charge of harboring Dillinger at the Little Bohemia resort near Mercer, Wis., but sentence was suspended and she was placed on probation. This was vacated after she was arrested with Carroll.

Tourist camps were scrutinized carefully by officers because the Crompton woman told federal operatives she and Carroll had spent Wednesday night at one near here.

Mrs. Frank Cargin, operator of the camp, was shown a picture of Dillinger and thought she recognized him.

Officers have declined to confirm reports that George "Baby Face" Nelson and John Hamilton, two of Dillinger's ace gunmen, may have been in Iowa with Carroll.

TO HELL WITH
JOHNSON SAY
THE WORKERSNRA Administrator's
Caustic Radio Ad-
dress Stirs 'Em

Washington, June 9—(AP)—Hugh S. Johnson said today steel union leaders had told him they would take up the proposal for a steel labor mediation board at a convention to be held June 14 at Pittsburgh.

This announcement was made by the NRA administrator immediately after a three-hour conference with international officers of the Amalgamated Association of Iron, Steel & Tin Workers and members of the organization's "rank and file" committee.

The union threatened a month ago to call a general strike in the industry if it was not granted recognition for collective bargaining by June 10.

The strike has been tentatively scheduled for June 16—two days after the Pittsburgh meeting.

Institute Approves

The proposal for a mediation board has been accepted by the American Iron & Steel Institute, representing the employers.

Mike P. Tighe, international president of the union, told Johnson the proposal for the labor board had been neither accepted nor rejected by his organization.

He said no such power had been vested in the officers by the recent convention of the union.

Johnson and the insurgents wheeled away at each other—using such phrases as "hell and bluff" and "damnable."

"We are done with you and your Iron & Steel Institute board," a score of the leaders said in a statement.

Recently, a group of leaders of local unions—led by Tighe to a without authority to speak for the international—suggested Johnson could learn something by walking up to an open hearth furnace and getting his summer pants scorched.

Johnson Sarcastic

Johnson, in a radio speech last night, answered what he called "these immature leaders."

"As for hardship and scorching pants," he said, "I have had mine scorched by months of exposure to an equatorial sun, and to paraphrase an Indian-fighting colonel of my early service, old Greaser Hughes:

"I have worn enough skin off the part of me that fits into a saddle (or used to) riding over the flat lands of Texas and the hills of Arizona to make a half-dozen such critics as they."

Enraged, a score of leaders issued a counterblast, which said:

Steel Workers Reply

"We the undersigned steel workers, who have just listened to your refined speech, full of hell and bluff, denounce you for making such a damnable statement over the radio, using your government position and the national radio to call us steel workers who criticize your schemes just so much skin off a saddle."

"We are done with you and your Iron and Steel Institute board."

"Tomorrow we go to the President to place him before an honest, straightforward plan for a settlement."

"Having seen the President, who saw the steel magnates earlier this week, we shall go home to our lodges prepared to fight for that 'pure recognition' of the right of collective bargaining that you scorned."

"To Hell With Johnson"

The list of names attached was headed by Earl J. Forbeck and William J. Spang, called "rank and file" leaders.

Johnson called Tighe and the other leaders of the Amalgamated to NRA today to explain the plan for a neutral board of three to supervise labor disputes. Forbeck said the "rank and file" men would go through with an agreement to see the NRA head, but others rebelled, crying:

WHY THE LARK LIVES IN THE MEADOW—

ONE fine day a singing lark Perched up in a tree Prepared to give in concert there

His songs of melody. Just below were girls and boys

And the farmer's wife so neat; Mr. Lark was glad they all were there

To hear his carols sweet. He opened his program with a song About a flower bed.

When two noisy, jet-black crows Flew—cawing overhead.

After this offense had passed He started once again. But his voice was drowned by a vocal duet.

From the robin and the wren. Then thought Mr. Lark, "As a singer here

My chance is rather slim." And turned to hear in a nearby tree

A parrot mocking him. When silence reigned 'once more he thought,

"This time it will be good." Then he heard a frightful noise

more. —Woodpeckers, pecking wood. And then they started all together.

The robin and the wren. The canary bird and cardinal.

And the farmer's cock and hen. "Oh, dear, oh dear," cried Mr. Lark.

"What a dreadful sound; This is the worst jazz orchestra That I have ever found."

And so he took his flight once Into the open sky.

And looking down he saw a spot Where no feathered friends were nigh.

And there poured forth his liquid notes In carols glad and free.

Until he gained an audience. Among them—even me.

No perfect and complete his songs No instrument I missed.

But listened on enraptured at This unaccompanied soloist.

And now when daily tasks are through And I'm in need of rest,

I go to hear the meadow lark. I like his singing best.

And there are other birds yet To leave the noisy throng.

And fly away until they find The place where they belong.

—Goldie Albright.

Jenny Jolly of Noted Dancing Team is Fined 3-4 Million

Paris, June 9.—(AP)—Jenny Dolly, one-half of the famous dancing team of the Dolly Sisters, today was fined \$750,000 and given a suspended sentence of three days in jail for evading payment of the luxury tax on her 51-carat diamond ring, which she bought in Cannes in 1928.

The ring was valued at 4,000,000 francs—which in those days was \$200,000. The government tax would have been \$32,500.

The ring itself was sold in an auction of Miss Dolly's jewels recently for only 1,250 francs—about \$100,000.

The dancer, who was badly disfigured in an automobile accident at Bordeaux in March, 1933, testified that her secretary, who is now dead, had been responsible for the entire transaction.

Helpful Household Hints

This series of pictures gives interesting new ideas on smartening up the home. The year of 1934 is characterized by a widespread activity in brightening up, in both material and immaterial things. The devices shown here are effective and economic.

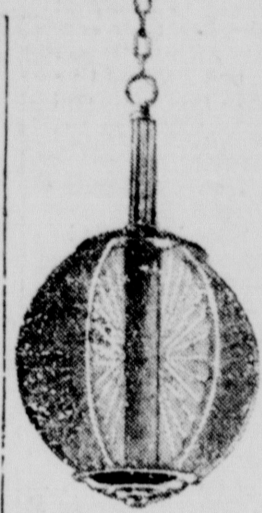

No. 10

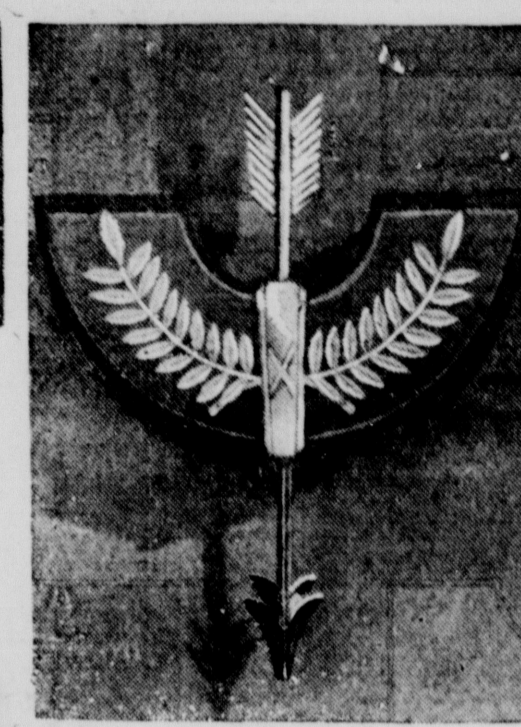

Three of the modern designs in Chase lights, showing the best of classic modernism: (above) the Olympia (an interesting horizontal light), (center) the airy Aurora, and (right) the Diana.

WE come finally to the modern day, our own day, with its sheer severity of machines and speed. Lurelle Guild, who created the designs of the Chase lights, has won favorable comment from critics by the reserved classicism of his modern work. It is not extreme, as much of the modern is; it is flawless in purity and natural ease.

You doubtless have some part of one of your rooms where a horizontal light would fit in superbly, like the one shown above. Over a book case, a desk, or below a stair case, wherever it is desirable to have light thrown over a long surface, a horizontal fixture commends itself. The tube of light is a thoroughly modern note. Again, if you want a ceiling fixture in the modern vogue, something like that illustrated has light, airy qualities and is bright and joyous in a room.

The modern note is spreading throughout the country. After all, we of today have as much fundamental reason to create our own period designs as any previous generation had. Much modern design is false and superficial, but when it is authentic it is peculiarly able to express the spirit of 1934.

Whether you replace old fixtures with new, or buy a new line of fixtures for a new house, be sure that every room has its correctly matched fixtures. It is definitely bad taste nowadays to use the old gas-jet type of fixture in any decorative scheme; the lights must match the rest of the room. They should, because they dominate it; and you will find that nothing catches a visitor's eye as quickly and favorably as beautifully designed fixtures. Everyone sees them.

Mrs. Timmons Was Guest Speaker At M. E. Missionary Meet

Mrs. C. N. Timmons of Sterling, the Home Base Secretary of Northwestern Branch of the Woman's Foreign Missionary Society, of the Methodist church, was the guest speaker at the local auxiliary meeting which met Thursday afternoon at the home of Mrs. E. J. Brown with Mrs. N. Rathbun as hostess. She gave an interesting talk on the work of our society in the Branch and elsewhere. She spoke of the success of the various "Motorcade" meetings which have been conducted in all the Branches. She also showed the "Altar of Lights" poster used in China and read their goals which seem much more difficult to attain than ours.

Several verses of Scripture from the Gospel of St. John on "The Light" were read by Miss Flora Seals. Incidents were given showing the influence that some missionaries' lives have had on others, years after their death because they had been "shining lights" for Him. The poem "Has Someone Seen Christ In You Today?" was read by Mrs. Lutz. Dana Green also conducted a contest which caused much laughter and was very amusing. Meeting closed by all repeating the Lord's Prayer. Had an invitation to meet with Mrs. Ken- dal the second Wednesday in July instead of the first as usual. All departed expressing to Mrs. Ream and her assistants the appreciation of the good time spent at her home.

The opening hymn was "The Bert Jacobson favored us with two beautiful vocal numbers, "Shine, O Holy Light" and "Not Understood." She was accompanied at the piano by Mrs. Howard Edwards. A reading "When Mother Loses Her Pocketbook" was given by Mrs. Chas. Bush. "Her Afterglow From Old Cathay," an article describing the sunset years of Miss Galloway, who had been a missionary in China for many years, was beautifully told by Mrs. J. N. Weiss.

This excellent program was sponsored by Mesdames Belle Morris and Arthur Preston.

The president, Mrs. Williford, announced the program of the Annual Franklin Grove Institute which will be held June 19-24. It is hoped that those who cannot go and stay for the entire session will plan to go on Friday which is the Rock River Valley Group day. Several of our missionaries will be there and a very interesting program will be given.

Meeting closed with prayer by Mrs. Gilbert Stansel. A social hour by Mrs. W. H. Gebhardt and her followed. Departing from our usual custom, refreshments were served unit.

The July meeting will be a picnic at the Assembly Park with Mrs. Clara Rowe.

Meeting of Ladies at St. Paul's Church

The Ladies Aid of St. Paul's Lutheran church met in regular session Thursday afternoon. The meeting opened by singing several songs. The president read the first chapter of John. Mrs. Otto Beier read a poem entitled "Benevolence" which was very good. Minutes of the last meeting were read and approved. The treasurer gave a very good report. Roll call and twenty-three members responded. The ladies are having a supper at the

church Saturday, June 16, which they hope will be largely attended. After singing the closing hymn the meeting closed. The hostesses served delicious refreshments.

Mrs. Ream Hostess to Ladies Aid St. James Church

The St. James Aid Society was entertained at the home of Mrs. Minnie Ream, Mrs. Wolfram and Mrs. Duffy assisting her. Twenty-six members, several visitors and a large number of children were present to enjoy the delicious picnic dinner to which all did ample justice. At 2 o'clock the meeting was called to order by the President. Mrs. Rosbrook favored with an instrumental solo. Mrs. Topper then read from the 9th chapter of Revelations, followed by minutes of the last meeting read and approved, also roll call. As there was no special business the meeting was turned over to the program committee which included a history of portions of Lee Co. by Dana Green. Mrs. Winslow from Eldena favored with two instrumental solos which were much enjoyed. Readings by Vivian Wolfram and Nada Burkett, courtesy by Mrs. Lutz. Dana Green also conducted a contest which caused much laughter and was very amusing. Meeting closed by all repeating the Lord's Prayer. Had an invitation to meet with Mrs. Ken- dal the second Wednesday in July instead of the first as usual. All departed expressing to Mrs. Ream and her assistants the appreciation of the good time spent at her home.

Garden Ceremony For Holm-Haas Nuptials Thursday

In a pretty June garden ceremony, Miss Phyllis Holm, daughter of Mr. and Mrs. Charles D. Holm of Oregon, became the bride of Burton E. Haas, also of Oregon.

The Rev. J. E. Dale of St. Paul's Lutheran church officiated at the ceremony before a bower of pink and white peonies arranged near the picturesque rock garden at the home of the bride's parents.

Preceding the service, a string ensemble including Franklin Lundstrom, violin; Robert Smith, cello, and Mrs. Frank Rogers, piano, played a group of nuptial songs, and Mrs. Ralph Stiles sang, "This Spring" and "The Sweetest Story Ever Told." The trio played the bridal chorus from "Lohengrin" as the bridal party entered.

Yesterday marked the twenty-fourth wedding anniversary of the bride's parents, and the bride wore her mother's wedding gown of ivory satin an' lace. Her veil was of ivory tulle held under a small cap and bandeau of orange blossoms. She carried a bouquet of Johanna Hill roses and lilies of the valley.

Miss Harriett Elyne, a cousin of the groom, was maid of honor, and wore a frock of deep blue blue georgette crepe with a taffeta sash and large hat. Her flowers were peonies.

Mrs. Louise Holm, sister of the bride, was flower girl. She wore an ankle-length frock of flowered organza with pink taffeta bow. Miss Helen Louise Cleaver, niece of the groom, was ring bearer. She wore a sheer blue frock with trimming of pink and carried the wedding ring on a white satin pillow.

Arthur Driver was best man. A wedding reception and tea followed the ceremony with tables arranged about the garden. The bride table was decorated in roses and delphiniums.

WE MIGHT BE HONEST WITH OUR YOUTH.

The commencement speaker is abroad in the land again these days, and if his task is a little easier this year than it has been for some time, it is still the kind of job that might make a strong man quail.

In the old days it was fairly simple. The speaker had only to get up and begin telling the youngsters about the innumerable opportunities that were ahead of them, and how hard work and honesty would bring their inevitable reward.

Then, when he saw the younger members of the class getting restless, he could shut it off and sit down, contended.

But of late years it has been different.

Opportunities for young graduates have been anything but innumerable during the last three or four years. There are plenty of young men in America today who got their diplomas four years ago who haven't been able to get jobs since then—although many of them needed jobs very badly, since their fathers were out of work.

Nor have hard work and honesty carried their usual premiums. It's all very well to talk about them, but when a depression forces your employer out of business and your job dissolves beneath you, you're left holding the sack just as if you had been a time-server and a conniver.

Of course, things are better now. There is reason to hope that they will be even better a year from now. But the commencement speaker is still on the spot.

Perhaps his best course would simply be to go honest and say something like this: "I have a lot of crust, addressing you youngsters, because you can't help seeing that my generation just doesn't know how to run the country decently.

"Some of you will find jobs, if you're lucky; the rest will sit around the house and wonder what it's all about. I don't mind telling you that I've been wondering the same thing for several years.

"While you're wondering, you might stop to think that this country is able to raise so much food that everybody could have all he wants to eat. It's able to make enough clothing for everybody, enough shoes, enough vacuum cleaners, enough automobiles, enough houses, enough of everything you can think of.

"There isn't really much excuse for us to have unemployment and poverty and want, except our own stupidity.

"If you youngsters can figure out a way to get the wheels turning full speed, the country will be very grateful to you—if it doesn't put you in jail. At any rate, I wish you lots of luck."

POOR PSYCHOLOGY.

One lone Civil War veteran marched in the Memorial Day parade this year in the city of Cleveland—one old man in a blue coat, white-haired and stooped, valiantly stepping along to honor his departed comrades.

And a little group of Communists, standing on the curb, booed him as he marched by.

In that incident you have the main reason why Communism has failed to make headway in the United States. Its adherents simply fail to understand the American spirit.

The Civil War veteran, whether he wears blue or gray, occupies a peculiarly tender and holy spot in American hearts. The man who fails to understand that fails to understand everything.

So long as Communism is in the hands of men who can boo the last of the Civil War veterans, no one needs to worry about it. Men so abysmally ignorant of American psychology can never convert many Americans.

Nazi women must cheerfully leave the education of children to men who can prepare their sons so much better for "heroic sacrifice" upon battlefields. — Miriam Beard, author.

What's the difference whether a man's a screen star at \$2500 a week or a ditch digger at 30 cents an hour, provided he gets his share of laughs every day?—Wallace Beery.

We ought to face the fact that people do not think. They do not have to. If they did, we would be more miserable.—Prof. E. T. Bell, California Institute of Technology.

Japan is determined to fulfill her responsibilities fully and successfully as the principal stabilizing influence in Eastern Asia.—Hiroshi Saito, Japanese ambassador to the United States.

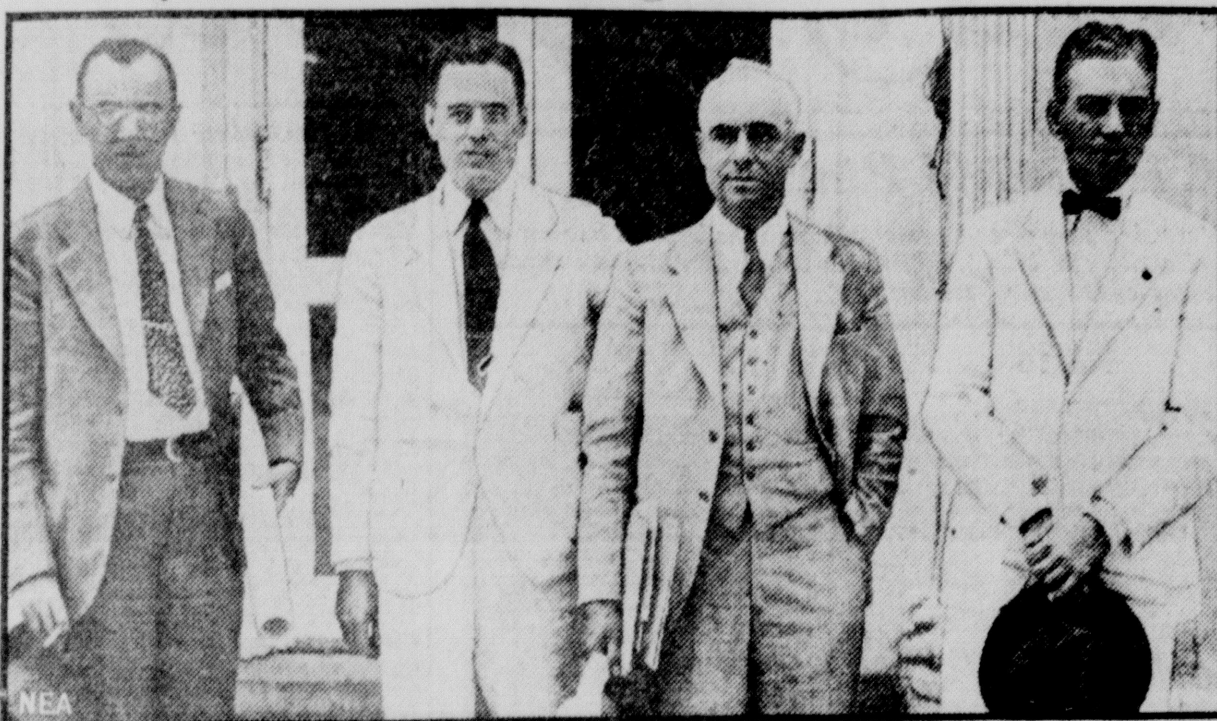

If the federal government insures all mortgages, in the next depression we'll all go bloolo.—Maco Stewart, Galveston, Tex., building and loan association president.

I'm wonderfully fit. I could lick any 12 men you want to bring in here.—Wilbur Glenn Voliva, overseer of Zion.

Everyone has had a rebirth of the conviction that "life consisteth not in the abundance of things possessed."—Rev. Dr. Samuel Trelxler of New York.

They Gave President Program for Drought Relief

A program for bringing relief to the drought-stricken areas of the country was brought to President Roosevelt by these members of the Drought Committee, shown at the White House after their conference. They are, left to right: Lawrence Westbrook, Federal Emergency Relief Administrator; William I. Myers, Farm Credit Administrator; Chester C. Davis, AAA Administrator, and Rexford Guy Tugwell, Assistant Secretary of Agriculture. These officials suggested giving money to the distressed areas through employment on different types of works.

Living Our Everyday Lives

By Dr. Joseph Fort Newton

The First Lady of the Land tells us that we ought to have a hobby, to take our minds off the routine and out of the rut. At once some folk began to imitate her hobbies, which was not what she wanted!

One English friend has been discussing the subject too, suggesting a long list of hobbies—such as hunting up the names of quaint old inns, like "The Old Man of the Troubles," near Oxford—what a joy! All sorts of hobbies are now being hinted at, Braille writing, Esperanto, gardening, studying stars and flowers; collecting stamps, pictures and books, indoor hobbies, out-door hobbies, some costly, some cheap.

But one thing is forgotten—a hobby deliberately taken up as an antidote to boredom is sure to be a failure. One cannot take up a hobby as one takes up a book or a pipe—it does not work. The really satisfying interests of life do not

lie around waiting to be picked up in that way. They come, if they ever do, quietly and take us, possess us, and give us something worth while to do.

It is better to remain quietly at loose end till some real interest comes along and captures us, to the exclusion of everything else. It may become an obsession, but it will at least entertain us.

It ought to be something that instructs, as well as interests; a "mental gymnasium," as Emerson called his hobby. For whatever else may be necessary, the mind must be active if it is to be healthy.

An old friend of mine, a railroad engineer, made a hobby of "The Decline and Fall of Rome," by Gibbon—far enough from his regular job! He never tired of reading of that period, and he knew it.

A never-ending hobby is open to all of us every day, the heavenly hobby of doing good to someone who needs it. We all enjoy sharing things with others, but the trouble is we share with those who do not need.

One we learn to share our feasts with those who are hungry—hungry for faith, fun, good cheer, and encouragement, as well as for much else—no problem of boredom will be left on our hands or hearts!

DOCTORS HEARD FAMOUS MEDICS AT BIG MEETING

Lee County Society Was
Host to Visitors
Last Evening

Dixon was host again to a number of prominent doctors throughout this part of the country last evening when the Lee County Medical Society held their meeting in the big recreation building at the Dixon state hospital. Beginning at 3:00 P. M. a surgical clinic was held in the operating room in the institution and the interesting work performed by Doctors W. A. McNichol and L. N. Radoff was witnessed by between 40 and 50 of the visiting doctors. At the same time the Occupational Therapy rooms where the patients were at work making various pieces of tapestry was open for inspection of the visiting doctors and their ladies. This is one of the most interesting features of the reconstruction efforts at this remarkable institution and the work is in charge of Miss Elsie Ingles. Some of the pieces of tapestry will require more than a year to complete and each year the walls of the large recreation building are decorated with the completed pieces of tapestry. If these were made to sell they would be almost invaluable.

The recreation director, Miss Marjorie Roe, entertained the visitors with her various groups of pupils in play-ground dances, etc. on the large cement outdoor recreation floor. The children were all dressed in costumes and their dances, to the accompaniment of music furnished by the State Hospital band under the direction of Professor Wallace P. Smith, was very interesting.

Guests Delighted
When the doctors and their ladies entered the recreation building they were delightfully surprised to see the tables so beautifully decorated. All of the dishes on the tables were of beautiful paper construction and the general color scheme was canary yellow, apple green and white. The occupational therapy department had made a great number of beautiful table decorations using tin and various colored cellophane which reflected the light of the candles and completed a most attractive arrangement.

The elaborate banquet arranged for and prepared by the chef, Jack Watters, was served by a staff of about forty young ladies all in white uniforms. Each course of the banquet was received with exclamations of appreciation by the many guests. During the banquet the guests were entertained by some delightful vocal solos by Dora Andreas Wiles, of Sterling, who was accompanied by Mrs. Roscoe Eades. The Dixon state hospital orchestra, under the direction of Professor Wallace P. Smith, also entertained with orchestral music.

Noted Speakers
Following the banquet, Dr. W. T. Holliday, of Ambler, president of the Lee County Medical Society, called the meeting to order and introduced the first speaker, Dr. Lewis J. Pollock, Professor of Neurology, Northwestern University School of Medicine, Chicago. Dr. Pollock had been attending a meeting in the east and made a special trip to Dixon to address the doctors at this meeting. His subject was a very broad one for he discussed the various diseases of the nervous system affecting other organs, as well as the diseases of organs which caused or simulated diseases of the nervous system. This address was a very interesting and instructive one and well repaid every doctor who heard it.

Hear State Director
Dr. Warren G. Murray, superintendent of the Dixon State Hospital, introduced A. L. Bowen, who is the director of the Illinois State Department of Public Welfare. This department has charge of all state institutions. Mr. Bowen made a special trip from Springfield to address the doctors on the subject of "The State Institutions and Their Relation to the Taxpayer." He called attention to the number of individuals who are confined in the various types of state institutions and called the doctors' attention to the fact that the recognition of the types of patient confined in our institutions and their proper supervision before entering a state institution is part of the general practitioner's duty to the community. Mr. Bowen gave the doctors much to think about in a very few words.

Dr. Paul L. Schroeder, State Criminologist, was introduced by Dr. Murray, and gave a very interesting address upon the new method of classification and segregating criminals. He told the audience why former methods of segregation, especially where individuals were committed to an institution not fitted to handle that type of patient had brought poor results, however, the new method of classification is in use now in Illinois and these individuals are being transferred to institutions which are fitted to care for them.

Dr. Alexander Tarnavsky presented the history of an interesting and very rare case, and his paper completed the program.

Before leaving, many of the guests asked permission to take home with them, as a souvenir, some of the decorations which had been made by the occupational therapy class.

As thanks to Dr. Warren G. Murray and his staff for providing such an interesting and profitable afternoon and evening.

Here and There Around the State House at Capital

Springfield, Ill., June 9.—(AP)—W. C. Chynoweth, veteran Decatur legislator, thinks the Republican party will control the lower house of the next general state house.

Chynoweth, a recent state house visitor, said he had no doubt out that his own district, the 28th, which elected two Democrats and one Republican in 1932, would reverse itself in November and return to the Republican column.

Many other districts which went Democratic in 1932 will elect two G. O. P. assembly members this fall, Chynoweth believes.

One of the legislators who disagrees with Chynoweth is Thomas J. Sinnett, Rock Island Democrat. Sinnett says his party will hold its own in the close districts and in some of them will add a few members.

If the Democrats control the house Sinnett is a likely choice for speaker, succeeding Arthur Roe of Vandalia, who was not a candidate for re-election.

Sheriff Jerome Munie, another state house visitor, thinks his county, St. Clair, will remain Democratic. The sheriff according to rumor, is slated to become chief of the state highway police force as soon as his term expires.

Munie has been having his

"hands full," according to his own statements, with labor trouble the past few weeks and it was this situation which brought him to Springfield to confer with state officials.

Charles Malloy, former state representative from Sorento, who is now the state house custodian, believes janitors, even though they be political appointees, should do janitors' work.

Old timers were surprised the other day when they saw Charley directing his crew in cleaning the murals on the state house walls. Some of them said it was the first time they could remember that the Indians had had the dust removed from their war bonnets.

"Ask Ayes" is a common expression about the state house.

Agnes Heinberger has served in the Governor's office under Deane, Dunne, Lowden, Small, Emmerson, and now Horner. She probably knows more about the detailed affairs of state than any other person and can give and interpret law on more questions than most people.

When not engaged on state business she spends her time caring for rock garden, one of the sights of Springfield.

ONE GALLON could lift a 500-ton locomotive 8 stories!

99 Million Foot-Pounds* Per Gallon

To lift 500 tons of solid steel 8 stories — there's a job calling for giant power! And giant power there is in the new powerful Sinclair H-C! A single gallon of this motor fuel actually could lift a 500-ton locomotive 8 stories — if its potential energy could be fully utilized*.

Get a tankful of the new H-C for your car today. Try it on the steepest hills. Note its smooth, knockless power. In traffic, note its quicker starts and faster pick-up. And as for mileage, we suggest that you keep an accurate record for 30 days.

Ask the Sinclair dealer for a folder which fully explains how one gallon of the new H-C could lift a 500-ton locomotive 8 stories.

*Foot-pound: The amount of work required to lift one pound one foot. Due to friction and other losses no machine yet built can convert into useful work all the potential energy in any gasoline. Friction alone steals millions of foot-pounds of work from every gallon of gasoline you buy. To keep friction loss in your engine at a minimum be sure to use either Sinclair Opaline or Sinclair Pennsylvania Motor Oil.

GEHRINGER IS SENSATION OF MAJOR LEAGUES

Tigers' Infielder is Leading Leagues With Big Stick

New York, June 9.—(AP)—Charley Gehringer, the Detroit Tigers' effective wallpaper, put all major league batters in the shade during the past week.

Eight in the American League a week ago, Gehringer cut loose with 18 hits in 26 trips to the plate and hoisted his average from .351 to .400 after yesterday's game to take the major league lead. While he was performing this feat, Rolfe Hemslay of St. Louis, leader a week ago, connected safely only four times in 22 attempts and lost 40 points.

Helme Manush of Washington, who has 77 hits, more than any other player, retained second place in the American League although his mark dropped seven points.

The National League race underwent almost as big a change, winding up with Sam Leslie of Brooklyn and Joe Medwick of St. Louis virtually deadlocked for the lead. After Friday's contest, Leslie led by a fraction of a percentage point, .3651 to .3645.

The way was paved for this duel when Harvey Hendrick of Philadelphia lost his status as a regular and his place at the head of the parade at the same time. Bill Terry of the Giants made the biggest gain among the leaders, boosting his mark 16 points to .353, taking fourth place.

HERE IS POSITION OF THE CLUB IN LONG IRON PLAY-MIDWAY BETWEEN DRIVE AND MASHIE

By Art Krenz

LONG IRONS SWUNG FROM HALFWAY BACKSWING

In the play, it is necessary that the wrists be firm. The cannot be allowed to roll as in driving, or the club head will turn as it makes contact with the ball.

As one uses the long irons, one must stand farther away from the ball, due to the longer shaft. The open stance will not be as pronounced as in mashie play or when you are pitching clubs.

The club is taken back much the same as when playing shorter sticks, except that the body will pivot more to enable one to lengthen the backswing.

At the top of the backswing, the club should be in a halfway position between the vertical, which is used in playing a pitch, and the horizontal for the drive.

Rochelle Team to Meet Dementtown Merchants Sunday

The Rochelle baseball team will come to Dixon tomorrow to meet the Dementtown Merchants at Independent Field at 2:30 o'clock. The visitors are a hard-hitting, hustling bunch of players and the fans may expect a real contest.

Jack Dement's declaration on Wednesday that Baer had failed to round into satisfactory condition and his intimation that a week's postponement would be sought started out to be a simple ballyhoo stunt. But it developed into something far more serious when Bill Brown, member of the New York State Athletic Commission, decided he'd look over the challenger and see for himself.

He did, on Thursday, and after watching Baer idle through nine rounds Brown created a furor unprecedented in fight annals when he declared the Californian was in

no condition to fight Carnera and recommended that the bout be postponed a month or called off altogether.

Voted With Others
Yesterday Brown still insisted that "Baer has no right in there Thursday night" but he elected to go along with the majority when he was outvoted by the other members of the commission, General J. J. Phelan and D. Walker Weaver. The latter two elected to abide by the physician's report. The doctors made a thorough examination of both Carnera and Baer and pronounced them in "splendid physical condition."

RED SOX' SOUTH-PAW ROOKIE HAS WON HIS BERTH

Ostermueller Is Taking Place of Expensive Robert Grove

By HUGH S. FULLERTON, JR. (Associated Press Sports Writer)
In a season all cluttered up with rookie pitchers, special mention seems to belong to Fritz Ostermueller, the Boston Red Sox' left hander from Rochester.

Ostermueller, who cost \$25,000, has taken the place reserved for \$100,000 Bob Grove, and while his record has been good, Fritz was promoted to a starter's job in time to drop an eleven inning 6-5 decision to Cleveland May 11. Then he lost four more games without being hit hard, but came back to take two games from Washington's Senators with good performances.

Following up last Sunday's 7-2 triumph, Ostermueller limited the Senators to eight hits in a 12-inning battle yesterday and finally won out 3-2 by scoring the winning run himself. He nicked Al Crowder for a single and went around on a sacrifice, an infield out and Eddie Morgan's base hit. The result put the Sox and Senators into a tie for fifth place.

Browns Advance
Meanwhile, Rogers Hornsby's St. Louis Browns rugged their way to third place by beating Cleveland 8 to 6. A five run outburst in the seventh and two more tallies, gained without a hit when the Cleveland infield "blew" in the ninth, won the game.

Detroit's league leading Tigers held their place by slamming out 18 hits for a 13 to 5 victory over the White Sox and the Yankees batted out an 11 to 4 decision over the Athletics to remain only a game behind. Babe Ruth was struck on the wrist by the first pitch from Mort Fior, the A's rookie southpaw from Duke University, and suffered a painful bruise.

Reds Help Cards
After a day in fourth place, the Cardinals returned to second in the National League standing by batting their former nemesis, Larry French about in the early innings and defeating Pittsburgh 6 to 3 behind Tex Carleton's six hit

DONNA the BIG TOP

by BEULAH POYNTER

BEGIN HERE TODAY

DONNA GABRIEL, circus performer, falls from the trapeze and is injured. To please her partner, MADRELIN SIDDAL, Donna goes to Madeline's home to recuperate, pretending to be the other girl. She is ashamed of the deception but keeps it up, even when BILL SIDDAL, Madeline's cousin, asks her to marry him. Bill and Donna are married.

MRS. PLANTER, housekeeper discharged by Donna, is her enemy. A HOR SIDDAL, Madeline's grandfather, has a stroke. Meanwhile Madeline, who has married DON DAVID, the animal trainer, is killed. Con knows of Donna's deception and decides to blackmail her. He comes to the nearby town and Donna agrees to meet him. She departs, telling Bill she is going to a neighbor's. Bill grows anxious because she is gone so long. He finds an anonymous letter written by Mrs. Planter, telling him that Donna has gone to meet Con. He has just finished reading the letter when Donna arrives.

NOW GO ON WITH THE STORY
CHAPTER XXXIX
"I WAS startled," Donna had said to Con. "It's so dark and I didn't see you." Her voice shook a little.

Con offered his hand but she ignored it. Then he laughed. "Let me look at you," he said.

"What is it you want, Con?" the girl asked hurriedly. "I haven't much time and I'm not anxious to drive on a country road in this kind of weather."

"You should have let me come to you."

"You know I couldn't do that."

"Why not? Aren't we old friends? Didn't I marry your partner?"

"Yes, I know—but my husband doesn't know that. I mean about Madeline. You see—"

"So the masquerade is still going on, eh?"

"You didn't think I knew anything about that, did you? You haven't told him the truth yet?"

"No," miserably.

"Afraid he'd kick you out if he learned you weren't the girl he thought?"

"Of course not! Only you see, Grandfather—Madeline's grandfather is totally blind. That first time I went to the farm when Madeline and I—when I visited him pretending to be her—made him so happy I didn't have the heart to tell him I wasn't his granddaughter, that she didn't care enough for him to spend a week-end with him. Then—after the accident—didn't Madeline tell you how she sent for her cousin and told him it was Madeline who was ill?"

"Yes, she told me."

"At first I didn't know I was supposed to be she, I mean in the hospital I didn't know it. Then when I thought of how long it would be before I was well and how lovely it was on the farm I couldn't resist the temptation. I intended to tell them the truth, but somehow I couldn't. And—"

she stared straight ahead at the rows of tombstones, now murky gray in the dusk. "I had fallen in love with Bill."

CON laughed incredulously. "That I can't swallow. I can understand your liking the farm in the

summer and the rest of it, but don't tell me you married this yokel because you're in love with him!"

"He isn't a yokel," Donna said indignantly. "Bill Siddal is better educated than you are, Con David. He may not be as sophisticated, nor have seen as much of the world but he's the finest man I ever knew except Grandfather. I love him! I loved him the first day he came to the circus—"

"Yes, you did. You married him because I married Madeline."

"What? You don't honestly believe that?"

"No, I don't. I wish I did. But I know this, Donna—whether you are in love with him or not you're afraid of him and I wouldn't give the snap of my finger for a love that's afraid. He may be fine and honorable and he probably married you because he was in love with you—God knows I can understand that—but his love isn't big enough to forgive what you've done and you know it. You're in mortal terror for fear he'll suspect you aren't the girl he believes you to be. Isn't that so?"

"Yes," she whispered. Then she added, "But it isn't altogether Bill. It's Grandfather. The shock might kill him in his weakened condition."

Dies Suddenly About ten o'clock Monday morning while on his way home from the main street and the Hussey lumber yard where he was employed, John D. Baker answered the sudden summons and final call for eternity. He had been at work making screen doors when he fell ill and put away his tools, starting then for home. He fell forward

suddenly while in front of the Miss Flora Wicker residence, which is not more than a block from his own home. A cut on his forehead was caused by the heavy fall upon the cement walk. Help was summoned as soon as possible and efforts were made to revive him, but life was extinct. The body was tenderly carried on a stretcher to his home, the last trip homeward, which pathway he had trod so many times to and from his work. The remains were taken to the Hick's funeral home.

Dr. F. M. Banker, coroner of Lee county conducted an inquest at the funeral home. F. D. Kelley was foreman of the jury with J. M. Vogt, John Howard, Frank Hatch, Frank Hartzell and A. P. Dierdorf as members. The decision reached at the inquest was that death had been caused by heart trouble brought about by hardening of the arteries, with which the deceased had suffered for some time.

The deceased was a man of many good traits of character. He was quiet, pious and sincere in his religious beliefs and doing at all times those deeds for the benefit of those with whom he met and steadfastly believing and following the precepts of the Golden Rule in religion as well as in everyday common life.

John D. Baker was born in Abbotstown, Pa., September 14, 1858, and passed away June 4, 1934, aged nearly 76 years. He came to this community about 1883, and on November 11, 1888 was united in marriage to Emma Maronde. To them were born three children: Clarence D., who preceded him in death in 1922; Charles E. and Mrs. Ruth Hussey of Franklin Grove, who with the widow, two brothers, Rev. C. L. Baker of East Berlin, Pa., and Samuel H. Baker of Abbotstown, Pa., and four grandchildren are left to mourn his passing. Less than a month ago his only sister, Mrs. Annie Keeney of York, Pa., passed away very suddenly at her home.

For many years the deceased followed the trade of carpenter in this community, thus making a large circle of friends and acquaintances. For several years he was employed in Sterling, returning in 1908 to Franklin Grove, where he has since resided, working at his trade for several years, and later being employed at the Farmers' Elevator lumber yard and then at the Hussey lumber yard, where he was still employed at the time of his death.

He united with the Church of the Brethren in 1889 and lived a consistent Christian life, having been active in the church and Sunday school until, because of impaired hearing he gave that work but always enjoyed religious services on the radio and spent much of his spare time in pursuing and studying his Bible and religious publications. He thoroughly enjoyed his home and his family and his presence will be sorely missed by his family.

Life's duty done, as sinks the day, Laid from its bed the spirit flies; While heaven and earth combine to say, How blest the righteous when he dies.

Funeral services were held in the Church of the Brethren Thursday afternoon, Rev. O. D. Buck, officiating, assisted by Rev. C. W. Lahman.

Burial was in the Franklin cemetery. The casket bearers were: George E. Schults, Charles E. Kelley, Will Phillips, Elmer Cline, Ed Knouse and Elmer Hunsicker.

Prohibition Meetings Two most interesting meetings were held Saturday in the Methodist church at this place. These were a part of a series of meetings being held throughout the state with the object of re-assembling and re-organizing a third party—the Prohibition party—which is to include as a beverage in its platform, but other issues which are prominent in the minds of the people today. One of the chief of this issue is taxation, and Frances S. Regan of Rockford, tax expert, cartoonist and lecturer, gave at these two meetings an explanation of the tax question that was exceedingly interesting and enlightening. He showed by figures on a blackboard—always more to the point than simply repeating—that if the million and hundred millions of property within the state now escape taxation, could be placed upon assessment lists it could not lower the tax rate on homes a

real estate. His facts and figures showed also that there was absolutely no need for liquor revenue for government expenses, if all property, tangible and intangible, were taxed at 1 per cent rate, which is much lower than real estate and tangible personal property are now paying.

The meetings were presided over and all business conducted by Leo F. Jeannene of Chicago, State Chairman of the Prohibition Party. Tentative plans were made for the organization of the party in Lee county, which is being carried out in every county of the state. Petitions are to be signed and sent to headquarters in Chicago from all sections, requesting that a ticket be placed in the field for the November election.

Several enjoyable selections were given by Miss Rosalie Norman of Chicago, a talented singer wholly in sympathy with the cause. Numbers by local singers also were given in the afternoon by members of the recently organized Temperance Legion, Adeline Smith, also Josephine and Maxine Kelley. In the evening a quartette number by George Miller, Harold Buck, Earl Blekking and Dallas Farringer, also a vocal solo by Miss Lorena Buck. It proved to be a very helpful meeting.

Beautiful Service Garnet Chapter No. 668 O. E. S. held their Memorial services in the Masonic hall Sunday afternoon June 8th.

The chapter room was magnificent with the gorgeous display of flowers, which graced every corner of the room. The service which was entitled "In the Garden of Memory" and with the beautiful flowers made one think of heaven and heavenly things.

Mrs. Beryl Fish served as Chaplain. Mrs. Kathryn Herbst acted as Chairman. Miss Margaret Banker was soloist for the occasion and Mrs. Minnetta Moore was the pianist with the five points of the Star all taking a leading part. The Star Points each left a very good impression when they said:

Adah—Mrs. Myrtle Edgington—"No more shall we hear their voices, Their faces no more we'll see. But hand in hand in that far distant land They'll be waiting for you and me!"

Ruth—Miss Dorothy Durkes—"They have passed through the gate-way of life Sailed into the harbor of love To the Great Grand Chapter above us."

Esther—Miss Mary Wolf—"Fairest among thousands purest and best, Altogether lovely they are at rest To wake in the morning with those gone before"

And live in God's mansion forever more—

Martha—Mrs. Lily Dysart—"How well we remember the warm hand clasp, And the greeting of hearty good will."

Twice a sorrowing day When they went away But their presence remains with us still."

Electra—Mrs. Gladys Jacobs—"They have whispered their last farewell Passed to the order above And there await the smiles of the Savior They will finish their labor of love."

After the very impressive ceremony each officer went to the cemetery and decorated the graves of the departed members who are: Battle Ramsdell, Mrs. Hattie Whitney, N. A. Whitney, D. Grim, M. V. Peterman, P. R. Ramsdell, George Lookingland, Mrs. Carrie Reinhart, Andrew Aschenbrenner, Mrs. Sadie Ives, Simon Remley, Henry Cupp, Charles Geotzenberger, LeRoy Whitney, Mrs. Mary Lager, Reinhart Aschenbrenner, A. Birthday Honored Mr. and Mrs. Joel Senger, Mrs. Minnie Brown, Mrs. Anna Brecunier and George Hawbecker were in Nachusa Tuesday where they attended the 90th birthday anniversary of Christopher C. He is the kind of a man that men and women of today are proud to count among their friends. It is our wish Mr. Parker that you may be spared for many more years to live and enjoy those blessings which come as a reward for lives well spent—success, peace, and happiness to you.

There one hundred and seventy persons were present at his "birthday party" which lasted during the afternoon and evening.

The decorations for the happy event were beautifully carried out in yellow and pink, with a profusion of lovely flowers. Mr. Parker received many lovely cards, greetings from friends old and new, many beautiful and substantial gifts. In the evening a musical program was a feature of the happy evening, the Golden Chord Ensemble, whose leader is Myron Austin, furnished Hawaiian music and vocal music. At the request of Mr. Parker "Silver Threads Among the Gold" was sung.
